

The Sixth Dover Radio Rally

Whitfield Village hall
Sandwich Road Whitfield
Dover

Sunday 17th January 2010

We are holding our sixth Radio Boot Fair after a break of some years. The venue is just off the A2, five miles north of Dover port

The venue is very easy to find and unless there is very heavy snowfall roads are kept open, if using Dartford tunnel use the A2/M2/A2 for Canterbury and Dover as it is shorter and quieter!

From Canterbury (A2) Whitfield roundabout (first one you come to after leaving the M2) take the first exit and the village hall is about 500 yards on the right.

From Dover seafront (A20) and Dover Eastern docks take the A2 for Canterbury. At the Whitfield roundabout (second roundabout after leaving the dock roundabout and 3.5 miles from the docks) take the 4th exit and the village hall is 500 yards on the right

Doors open to traders at 0700 and for visitors at 0930. We have to vacate a tidy hall by 1400 so traders are asked to pack up at 1300.

There is plenty of off road parking.

Entrance for visitors is £1 and traders £10 a table, club tables at £8. Tables are limited to 22 so it is highly advisable to book ASAP. Unlike most rallies cancellations will be refunded if we are able to re-let the tables

Talk-in will be available on GB3KS on 145.625/025 tone G, 103.5Hz.

As has been done in the past, if the rally is a success and we are able to hold another next year, a discount for returning traders will be available
